

At Each Other's Throats

G
2041

AFTERWORD (S 1)

1

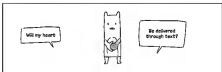

We somehow
managed to get to chapter 40 of *At Each Other's Throats*!
This will not be possible without you readers. Thank you so much.

2

The original idea of *At Each Other's Throats* was like this.

Intended to practice as an easy and
simple comic, one that I could draw as if I was scribbling.
And remind me to not forget how to hold a pencil. This kind of artist
has now been published on [Dynamilis](#) and I've got to where I am now.
Thank you.

#3

There isn't much I can say about the comic, it's as you can see. Please enjoy it

Beek-gun

Beek

Supu

Gogon-ni

He's not called Beek-gun because he has a family name of Beek, but that's his name. It's like a nickname. You can also use Beek-gun, Beek, Beek-gun-ni. Beek isn't called Beek Beek and the rest of the cast is like that as well.

#4

At this point, 'A Each Other's Throat' will take time to reorganise and return. There's a lot of people that you haven't seen yet. I can't promise it'll be fun but I'll try my best.

#5

Finally, I'll thank you one more time.

And to everyone reading
Thank you.
